The effective date of this certificate letter is: 10/1/2007.

The analytes by method which a laboratory is authorized to perform at any given time will be those indicated in the most recent certificate letter. The most recent certification letter supersedes all previous certification or authorization letters. It is the certified laboratory's responsibility to review this letter for discrepancies. The certified laboratory must document any discrepancies in this letter and send notice to this bureau within 15 days of receipt. This certificate letter will be recalled in the event your laboratory's certification is revoked.

Respectfully,

 Patrick F. Luedtke, MD, MPH.
 Director of Public Health Laboratories
 Deputy Director of Epidemiology and Laboratory Services
